

# Household Medication Take-Back and Syringe Disposal

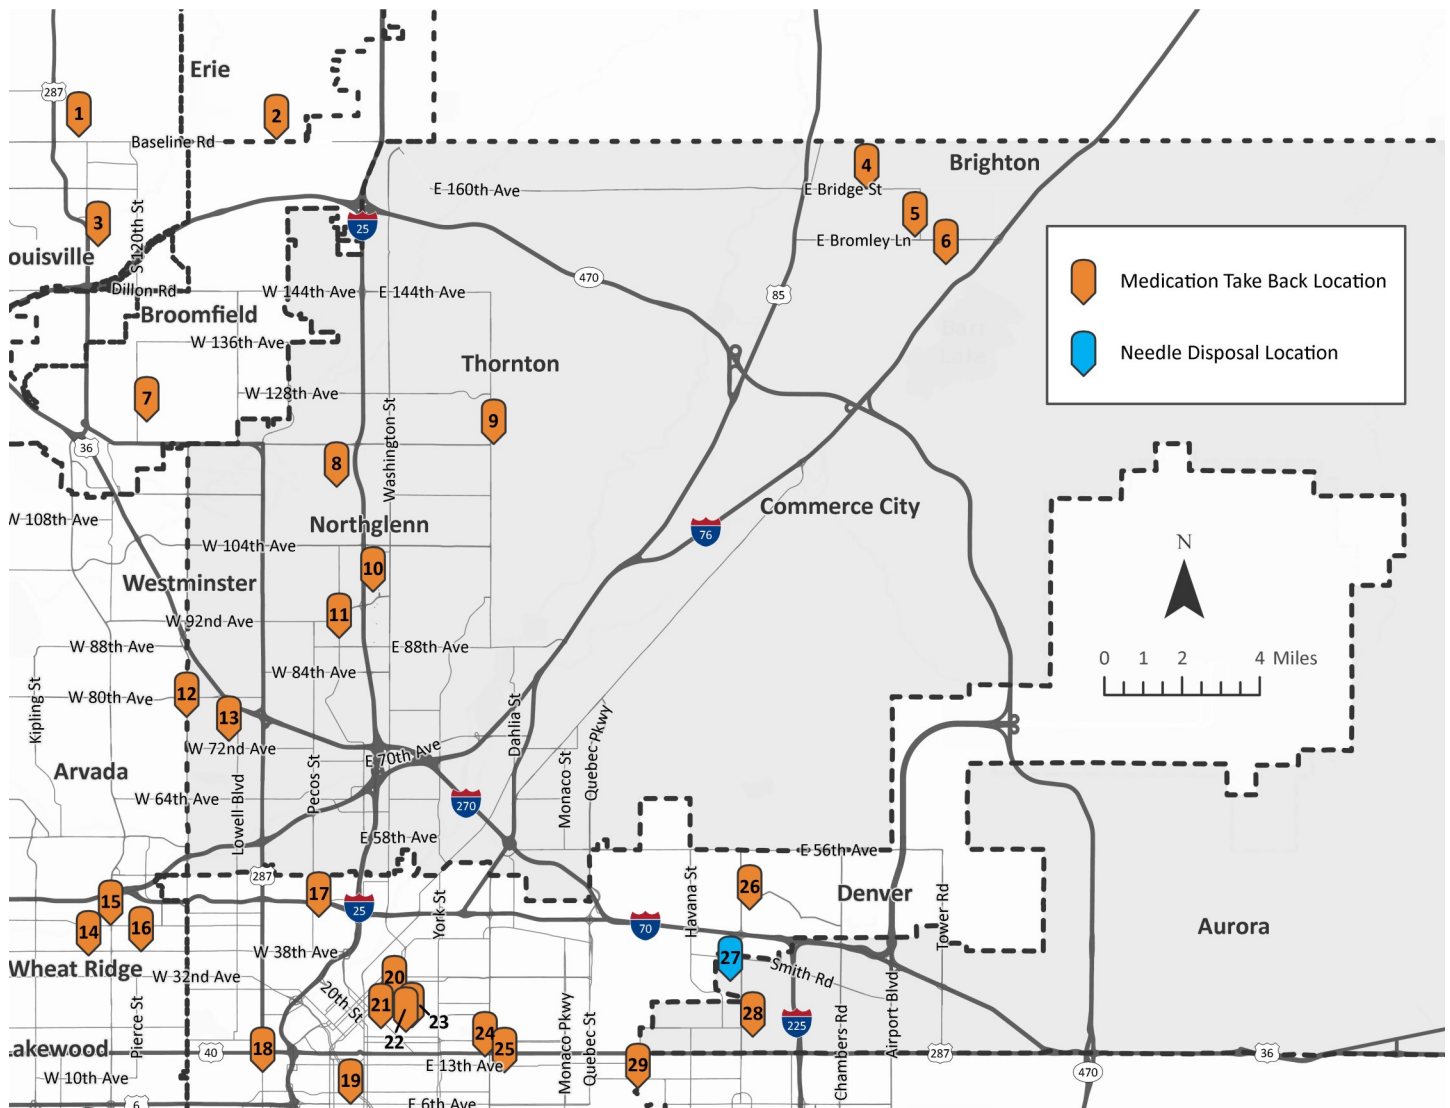

Protect your family and friends by safely disposing your unused household medications at the following locations

For more information on safe use, safe storage, and safe disposal please visit: [TakeMedsBack.org](https://www.TakeMedsBack.org)

## Find the closest safe disposal location

See table on the back for location addresses and hours

\*This map shows the locations of all disposal sites in and around Adams County. Areas of Adams County not shown on the map do not have disposal sites.

# How to package your used syringes

Syringes need to be contained in an HDPE #2 stamped plastic container with a lid securely closed. Syringes must be empty. Containers of syringes should be clearly labeled as “Sharps” or “Biohazard Waste”. Once filled, the container should be firmly sealed and stored away from children and pets. Place the sealed syringe container in your trash on the day it gets picked up or take to the landfill.
